

Nous sommes une **plateforme collaborative** de bots

Un bot est composé d'intentions

---

☰ janteuni / your-slack-bot / **weather**

🗨️ What is the weather in Paris?

🗨️ Is it raining in Paris?

🗨️ What's it like outside?

Chaque intention est entraîné avec des expressions

What's the weather in Paris tomorrow ?

location Paris  
date tomorrow

Des entités sont extraites de chaque expression
